

## **BUILDING DEPARTMENT UPDATE**

Due to unforeseen circumstances, Residential Building Inspector Robert LaPoint has resigned from his position. The Town is sorry to see him leave.

In the interim, Fire Marshal Jared Hicks has agreed to assist the department as much as possible. The Town is grateful for his flexibility and willingness to adjust his schedule to help during this transition.

Residents who need a building permit, construction inspection, or wish to file a code enforcement complaint should continue to contact the Sweden Building Department at **585-637-8684**.

For commercial building inspections, Terry Ekwel of BCM Consulting Services, LLC will continue to provide services. Additionally, David Strabel remains on staff as Commercial Plan Reviewer.

We want to keep residents informed of any personnel changes related to building services and inspections. If you have any questions, please contact Phyliss Brudz, Building Department Coordinator.
